**Programming & Tools:** Python (Pandas, NumPy), Google Analytics, Alteryx, Power Automate (basic)

## Work Experience

---

### Freelance Data Analyst / BI Consultant – Fiverr | 2021–Present

- Provide Power BI, Tableau, and Excel-based dashboards for clients globally, delivering actionable business insights.
- Perform data cleaning, transformation, and modeling for sales, finance, and HR datasets.
- Design automated reporting and KPI tracking to improve client decision-making efficiency.
- Completed multiple end-to-end BI projects, demonstrating practical application of analytics concepts.

### Data Analytics Intern – Deloitte (Virtual Internship) | 2025

- Developed Power BI dashboards and automated reports for operational and financial datasets.
- Applied SQL, DAX, and Power Query for data extraction, transformation, and validation.
- Prepared executive presentations summarizing insights and recommendations for leadership.

### Assistant Professor – Computer Science | G.H. Rasoni College of Engineering & Management, India | 2018–2021

- Delivered lectures on databases, programming, and data management to 200+ students.
- Used SQL and Excel to prepare departmental reports and analyze performance trends.
- Strengthened analytical and problem-solving skills while simplifying complex concepts for non-technical audiences.

## Projects

---

### Sales & Revenue Dashboard (Freelance Data Analytics)

- Automated reporting using Power BI, SQL, and Excel; reduced manual effort by 30%.
- Provided actionable insights on sales trends and revenue drivers for multiple clients.

### Customer Churn Analysis (Freelance Data Analytics)

- Delivered insights improving customer retention by 12%; used SQL and Tableau dashboards.
- Built dashboards tracking key KPIs to support strategic business decisions.

### Financial Performance Dashboard (Deloitte Internship)

- Developed dashboards in Power BI and DAX to track budget vs actuals, P&L, and cash flow.
- Streamlined reporting processes, improving decision-making efficiency.

### HR Analytics Dashboard (Academic / Training Project)

- Designed workforce analytics dashboards covering attrition, hiring trends, and performance metrics.

## Education

---

**Master's in Computer Engineering** – G.H. Rasoni College of Engineering ,INDIA | **CGPA: 8.4**

**Bachelor's in Computer Science & Technology** – SNDT Women's University, India | **68.86%**

## Certifications

- 
- IBM Data Analyst Professional Certificate
  - Deloitte Data Analytics Virtual Internship
  - KHDA-Approved Data Analytics Training – Dubai
